Make a difference with a QUT degree

QUT is a leading Australian university, offering exceptional courses and research.

- Over 40,000 students, including 6,800 international students from more than 100 countries.
- We are ‘a university for the real world’ - our courses are in high demand for their mix of theory, practical skills and experiences.
- Our global outlook ensures you graduate with the skills and abilities to work anywhere in the world.
- Graduate employment rates are well above the national average for Australian universities.
- Partnerships with world-class corporations like Boeing, Microsoft, SAP, INFOSYS, Cisco and Oracle are testimony to our international reputation as an educator of choice.
- Study at Brisbane’s only full service campus in the CBD, next to the beautiful City Botanic Gardens.

State-of-the-art facilities

As a student of QUT’s Science and Engineering Faculty you will have access to world-class facilities, including our new $230 million Science and Engineering Centre. This new centre will transform our world at QUT by bringing together teaching and research in science, technology, engineering and mathematics in a world-leading model and dynamic community hub.

International Merit Scholarships

Faculty tuition fee sponsorships are available to eligible students admitted based on qualifications completed outside Australia

What you receive:

- A tuition fee sponsorship of 25% of the first semester fees, based on your entry score.
- An ongoing tuition fee sponsorship of 25% per semester on the condition you maintain a minimum 5.75 grade point average (GPA) on the QUT 7-point scale for each semester of study at QUT.

Excellence in Research rankings

QUT has a worldwide reputation for its excellence in research and teaching. Our teaching staff maintain links with government organisations and industry, through research and consultancy work to ensure our courses are up-to-date and relevant.

- QUT is the only Australian university to be ranked 5/5 in information systems research*
- We ranked higher for information systems research than any other university in Australia or Europe. **
- QUT ranked 4/5 in productivity for: **
  - applied mathematics
  - chemical sciences
  - information and computing sciences
  - environmental engineering
  - library and information studies

* 2010 The Excellence in Research for Australia (ERA) report.
** Measured by international industry journals (2008–2010).

Enrol now for 2013 or 2014

You will be considered for this scholarship if you:

- are admitted based on a completed qualifying overseas award with the required result;
- meet QUT’s minimum English language entry requirements for admission to the degree program;
- will commence your coursework degree program no later than semester 1, 2014; and
- are not a recipient of another sponsorship or scholarship.

## Minimum academic requirements for scholarship

### Postgraduate coursework

A recognised bachelor degree with a minimum 6.0 grade point average (GPA) over all semesters, calculated on the QUT 7-point scale or equivalent.

### Bachelor level studies (direct entry)

For Bachelor level studies (direct entry), you must have:

- completed high school studies equivalent to an Australian Year 12 qualification, with a result comparable to a score of 95 on the Australian Tertiary Admissions Rank (ATAR) scale.
