

ARCHITECTURAL ASSOCIATION SCHOOL OF ARCHITECTURE

AA VISITING SCHOOL MEDELLIN 27 NOVEMBER / 7 DECEMBER 2012

HYDROMEME

Faculty: Sergio Pineda & Edouard Cabay

In an attempt to re-imagine the relationship of Medellín with its territory, the workshop will run as a design research initiative for the synthesis of fictional topographies. Simulation tools and hydromimetic code will allow us to picture new alliances with existing land masses. By using generative design techniques, we will experiment with flow narratives and digital fabrication in an attempt to envision future potentials for Medellín's territory.

APPLICATIONS

The workshops are open to architecture students, design students and professionals with an interest/background in architecture, design, generative design and related fields. The deadline for applications is 23 November 2012. For more information visit aaschool.ac.uk/medellin. Participants will receive a Certificate of Participation from the Architectural Association School of Architecture.

SCHOLARSHIPS

A number of scholarships have been made available due to sponsorship. Scholarships include the full payment of fees to take part in the workshop. Scholarships are being offered to architecture students, design students, and young professionals with an interest/background in architecture or design. To apply for a scholarship, please send a small selection of your work (in English or Spanish, up to 5 mb) to Sergio Pineda (sergiopineda@aaschool.ac.uk). The deadline to apply for a scholarship is 13 November 2012.
